

Emley Show Sec Report 2022

The Northern Hamster Club recently held our first show as part of the Emley Agricultural Show following 2 years off during the pandemic. It is a lovely day out with lots to do and see with crafts, other animals and plenty of exhibitions and displays to watch. Thankfully the weather was kind to us and it wasn't too hot or rainy. The public loved to see the hamsters and have a go on our tombola so it was an all-round success! I would like to say a huge thanks to all who took turns helping out during the day with running rehoming, the tombola, pen stewarding and generally chatting with and informing the public. I would also like to thank our Judges Lynne Blair and Victoria Holt and our book stewards Jean Tye and Susan Washbrook. A big congrats to all our winners and in particular Tristar with BIS Syrian and Dwarf and Lilliput with RBIS Syrian and Dwarf. Thanks all who attended and looking forward to seeing you at the next show!

Anastasia Blair, Show Secretary
